**Dear AmCham Members,**

With this letter, I would like to express my interest in being re-elected a Member of the AmCham Board of Directors. If re-elected, I will continue to work hard for AmCham's further successful development, as I did during the last two years as a Board Member and Treasurer.

During my service as Board Member, I have been impressed with AmCham's leading role in helping shape the evolution of economic, business and social events in the Country. Our mission, to be a powerful advocate of the American business in Bulgaria, to promote US-Bulgarian business relations, while also trying to help our members and improve the business climate in the country, is now more relevant than ever.

I am fortunate to occupy a position of Country CEO of one of the largest Banks in Bulgaria that allows me to contribute to the case of enhancing the ties of Bulgarian business with other international communities, as well as promoting cooperation among business interests within and outside the Country. Furthermore, I can play an important role in optimizing the regulatory framework for business operations and promoting Bulgaria as an attractive investment destination.

I have started my career in 1996 at the US Embassy and I had the chance to be one of the first volunteers to help AmCham become what it is today: one of the most respected, serious, influential and results oriented organization. Today, with more than 17 years of experience in different positions in the fields of Banking, Finance, Auditing, Consultancy, Privatization, etc., I am in a much stronger position to support AmCham's initiatives and continued success.

Whether re-elected to the Board or not, rest assured that I will do my best to continue the successful partnership with AmCham in Bulgaria. I would like to take this opportunity to express my appreciation for the professional, enthusiastic and committed work of all devoted members of the AmCham team!

Sincerely,

*Petia Dimitrova*
