

# Ivaylo Slavov

Founder and CEO of BULPROS

Ivaylo Slavov is a highly qualified entrepreneur and corporate executive specialized both in developing start-up and established organizations. He has more than 20 years of international experience in the fields of Information Technology, Financial Services, IT-Outsourcing, Business Process Outsourcing and Human Resources.

Ivaylo has been working in different managerial roles at Microsoft, Adecco, SEB, Unisys, Comparex (PC Ware) across EMEA.

He was a Board member of the Bulgarian Outsourcing Association and was actively working to intensify the collaboration and communication with foreign associations in the IT and BPO sector in order to bring Bulgaria back to the top preferred outsourcing destinations on a global level.

Ivaylo was also a co-chairman of the AmCham HR Committee and had taken the initiative to develop effective working relationship between the AmCham members and the Ministry of Social and Labor Policy, to provide them with the possibility to communicate directly and exchange more information on relevant topics.

Ivaylo is a recognized entrepreneur and one of the active innovators, who work for the development of the IT sector's potential. This year he was recognized by Deloitte and Manager Magazine as one of the top 10 managers in Bulgaria.

Ivaylo co-founded [BULPROS](#) in April 2010 and since then has been developing the company culture based on growth, teamwork, empowerment and open communication. For 7 years under

his leadership the company has been constantly developing and doubled its size. Currently BULPROS has over 1000 employees in 14 offices in North America and Europe, which are also its main target markets. The presence of BULPROS on the US business scene is a serious request to all local partners for further joint initiatives in order to generate new business opportunities and to reinforce the collaboration between both countries.
